When used - FISHPUBLICATIONTYPE = Datasheet

Publication Meta Used:

FISHPUBLICATIONTYPE / The value is data sheet but it is only used to specify the stylesheet. It is not printed on the document.

FTITOPNAVIGATION / If yes, print TI navigation icons in data sheet header. Icons are active links in the PDF. Icon and URL mapping:

Description	Icon file name	URL pattern (Where TPS7A78 is the value of FTIPARTNUMBER).
		If multiple values of FTIPARTNUMBER exist, use " " instead.
Product folder		http://www.ti.com/product/TPS7A78?dcmp=dsproject&hqs=pf http://www.ti.com.cn/product/cn/TPS7A78?dcmp=dsproject&hqs=pf http://www.tij.co.jp/product/jp/TPS7A78?dcmp=dsproject&hqs=pf

FTILOGO / In data sheet, if value is TI, print TI Logo in red (TI_Red.eps) in page headers. TI logo is link to ti.com in PDF. If TIBB, also print TI Burr Brown Logo (BBAudio_logo.eps). TI Burr Brown logo is also link to ti.com.

FTIPARTNUMBER / In data sheet, prints part number or numbers in all page headers. Allow up to 12 part numbers on three rows, comma delimited. Part numbers start on bottom row and build up after 4 part numbers on a row.

FTIPRODLINK / In data sheet, if yes, part numbers in headers are active links in blue text. Uses the following URL patterns: <http://www.ti.com/product/TMS320F28388D> (text in red comes from FTIPARTNUMBER value) NOTE: All part number values should be in upper case.

FTIDATASHEETSTATUS / In datasheet, print the indicated data sheet status statement in footer of front page. Print indicated status as side banner on all pages if indicated. FTIDATASHEETSTATUS value print mapping:

Value	Side banner	Status Statement
Product Preview	yes Side banner: PRODUCT PREVIEW ProdPrevEven. eps ProdPrevOdd. eps	An IMPORTANT NOTICE at the end of this data sheet addresses availability, warranty, changes, use in safety-critical applications, intellectual property matters and other important disclaimers. PRODUCT PREVIEW Information. Product in design phase of development. Subject to change or discontinuance without notice.
Advance Information	yes Side banner: ADVANCE INFORMATION AdvInfoEven. eps AdvInfoOdd. eps	An IMPORTANT NOTICE at the end of this data sheet addresses availability, warranty, changes, use in safety-critical applications, intellectual property matters and other important disclaimers. ADVANCE INFORMATION for pre-production products; subject to change without notice.
Production Data	no	An IMPORTANT NOTICE at the end of this data sheet addresses availability, warranty, changes, use in safety-critical applications, intellectual property matters and other important disclaimers. PRODUCTION DATA.
AdvMix	yes Side banner: ADVANCE INFORMATION AdvInfoEven. eps AdvInfoOdd. eps	An IMPORTANT NOTICE at the end of this data sheet addresses availability, warranty, changes, use in safety-critical applications, intellectual property matters and other important disclaimers. UNLESS OTHERWISE NOTED, this document contains ADVANCE INFORMATION for pre-production products; subject to change without notice.
ProdMix	no	An IMPORTANT NOTICE at the end of this data sheet addresses availability, warranty, changes, use in safety-critical applications, intellectual property matters and other important disclaimers. UNLESS OTHERWISE NOTED, this document contains PRODUCTION DATA.
empty	Default/no	

FTIREFNAVIGATION / If data sheet, if there is a value/URL, print the reference design navigation icon in the data sheet header next to the other navigation icons. The icon is clickable in the PDF. Use the typed in string value as the URL for the image map.

Lit date grouping meta use description:

LIT/Date/Grouping (FTILITNUMBER + FTIENLITREV + FTIORIGINDATE + FTIREVISIONDATE) (SBAS790C – October 2018 – Revised June 2019)

FTIENLITNUMBER / If data sheet, print the number in the header on the front page of the data sheet, and the header of all other pages. Starting on page two, print "Submit Documentation Feedback" in the footer of each page (to the left on even pages and to the right on odd pages). "Submit Documentation Feedback" is an active link. Where SBAS790 is derived from FTILITNUMBER + FTILITREV, and ADS125H02 is derived from the first value in FTIPARTNUMBER.

<https://www.ti.com/feedbackform/techdocfeedback?litnum=SBAS790C&partnum=ADS125H02>

FTIENLITREV / If data sheet, append/print the revision letter value to the literature number (FTILINUMBER) at each use. (C in SBAS790C above).

FTIORIGINDATE / If data sheet, print the month and year in the header of each page per the order of LIT/Date/Grouping.

FTIREVISIONDATE / If data sheet, print the month and year in the header of each page per the order of LIT/Date/Grouping.

FTIDISCLOSURE / If data sheet, based on the selected value, print the statement in the header of every page.

Value	Statement
TI Information – Selective Disclosure	TI Information – Selective Disclosure
TI Confidential – NDA Restrictions	TI Confidential – NDA Restrictions
TI Confidential – Maximum Restrictions	TI Confidential – Maximum Restrictions
Not Recommended for New Designs	Not Recommended for New Designs
No disclosure statement	

Note: **Not Recommended for New Designs** prints in red!

If language is CN or JP

FTITRANSLATEDLITNUMBER / If data sheet, if value is present, print the value in place of the FTIENLITNUMBER in the header on the front page of the data sheet, and the header of all other pages. The FTIENLITNUMBER value should output in the lower right corner of the front page preceded by text "English Data Sheet: (value of FTILITNUMBER)". The original FTIENLITNUMBER is an active link. Use the following URL pattern: <http://www-s.ti.com/sc/techlit/SLLSF15.pdf>. Where SLLSF15 is derived from the original FIENLITNUMBER field only, no use of FTILITREV here.

If FTITRANSLATEDLITNUMBER is present and Language is CN, follow the same guidelines for the "Submit Documentation Feedback" text.

If FTITRANSLATEDLITNUMBER is present and Language is JP, apply reference box icon in the upper right corner of front page inline with the JP front page example.

TBD – Consider alignment on the "reference box" for all languages.
